Angry Earth!

Home readers are a key part of homework and help your child to develop not only their reading skills but their writing skills as well. Please could you try to ensure your child reads every day. If they don't read their home reader but are reading a book, magazine or something else at home please just make a quick note of it in their reading record.

This term in Yarrow class our topic will be **Angry Earth!** We will become volcanologists and will study what makes a volcano erupt and where they are located. We will also be creating our own volcanic eruptions in class (safely of course!) and will also look at other natural disasters and the devastating effects that earthquakes and tsunamis have on people's lives.

In our English work, we will be writing a dual narrative story based on the 'Hunter and the Hunted' and in our maths work, we will be working on multiples, factors and prime numbers.

Don't forget the KS2 Christmas production is on the following dates in Church:
7th December at 2pm
8th December at 7pm

TIMES TABLE ALERT!!

This half term, we have started our new times table tracker. Every few weeks, children will be trying to earn their next times table medal as they aim for diamond! Children need regular, short bursts of practice to keep their skills up, which will also help them in their other areas of maths work.

Sophia's amazing 'layers of the Earth' cake!

Dates for your diary:

- 16th November: Christmas Markets (6-8pm)
- 12th December: Junior Christmas disco
- 15th December: Year 5/6 Christmas Party
- 20th December: Christmas Mass
- 21st December: Finish for Christmas
