

Yarrow Recommends!

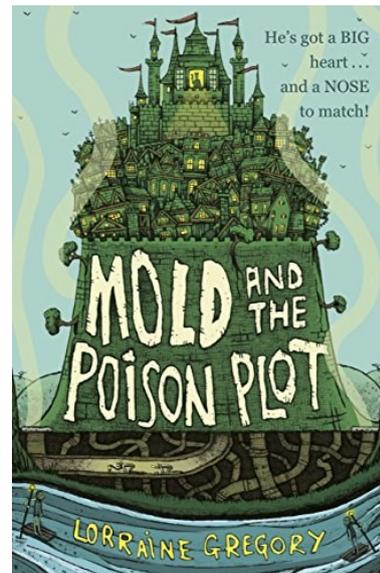

Welcome to the second issue of 'Yarrow Recommends!' This newsletter will highlight a few books each half term that we feel your children will love. In addition to this, it will also direct you to some recently released books that children may enjoy and reviews of books children are currently reading!

New to the class library

Mold and the Poison Plot by **Lorraine Gregory** is the latest addition to our class library and is a must read!

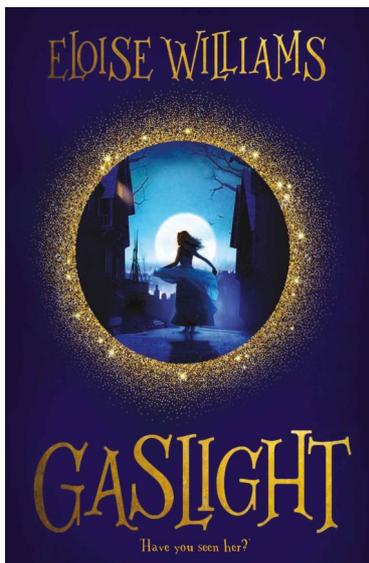

Mold, who was abandoned in a bin by his mother, is a bit of a freak with a nose that is as big as his body is puny! When Aggy, who took him in, is accused of poisoning the King, Mold sets out to clear her name. In a thrilling race against time to save Aggy from the hangman's noose, Mold faces hideous, deadly monsters and finds true friendship in the most unusual - and smelly - of places!

This is a great fantasy story that has a big heart and a smelly tale to tell. You will leap into the action from the very first page and will follow your nose into an adventure full of danger and absolute smelly mayhem!

Mr. Broomhead recommends...

My must-read book of this half term is **Gaslight** by **Eloise Williams**. All Nansi knows is that her mother disappeared on the day she was fished out of Cardiff docks in 1899, she can't remember anything else.

Now, with no other family to turn to, she works for Sid at the Empire Theatre, sometimes legally, sometimes thieving to order, trying to earn enough money to hire a detective to find her mother.

Everything changes when Constance and Violet join the theatre, both with their own dark secrets...

I know you will all love this book, which is full of wonderful description and a gripping storyline, filled with mystery, twists and turns.

A 'must-read' Year 6!
