Heapey News

Spring 2

Be the best me I can be!

This half term in Heapey Class our topic looks at the big question. *Who travels under and over the sea?* In answering this we will look at different *learning challenges* every week. In answering these we will learn differing skills and knowledge through geography, science, history, art, IT, literacy and maths. We are also looking at taking the children on a fun trip so watch this space!!!!

Tuesday 14th March - Internet safety talk for all parents/carers. This is a must come to event to make sure your child is safe whilst being online.

Keep going with the maths packs games from previous weeks. I will also be sending home little packs that contain SATS types of questions each week. These are for your children to complete. Please don't do them for your children but alongside if they are struggling. If you have any concerns or questions surrounding the SATS your child will undertake please don't hesitate to come and see me.

Don't forget to check out our class blog weekly to see what has been going on in class. Visit the school website at st.josephschorley.co.uk

Please keep reading at home it is invaluable to their reading development. Your child is welcome to bring their own books from home so we can read them at the end of the day. Some children have moved up five book bands! WOW!
